

### Summer Independent Learning (SIL)

<b>Group/Subject:</b>	<b>BTEC Diploma in Health and Social Care (Y11 -12)</b>
<b>Topic:</b>	<b>Unit 1 – Human Lifespan Development</b>
<b>Timescale:</b>	<b>6 hours</b>
<b>To be completed by:</b>	<b>This work must be completed before you start your first lesson in this subject. You need to bring this work with you.</b>

#### **Background Information/Context**

Unit 1 – Human Lifespan Development is a mandatory unit which is externally assessed. This means there will be an exam to sit in early January 2027.

This unit is made up of three areas of study, which are:

1. Human growth and development through the life stages
2. Factors affecting human growth
3. Development and the effects of ageing.

#### **Instructions**

On the next few pages there are several tasks which you are expected to complete before you start your Health and Social Care lessons.

You can choose to use computers to complete this work, handwrite if you want or use a combination of both. Some of these tasks can be completed in this workbook, for others you will need lined and unlined paper.

If you choose to complete work electronically, you must ensure that you are not submitting AI generated work. All work must be your own work.

**Please attempt ALL activities. Make sure your name is written on every sheet of paper before you hand it in to your teacher.**

### Task 1 – Key Vocabulary/Terminology

As part of your study you will be expected to become familiar with specific vocabulary.

- Create a mind map explaining the following key terminology:
  - growth
  - development
  - milestones
  - developmental norms
  - life stages

### Task 2 - PIES

There are FOUR categories of human development. They are known by the letters P, I, E and S.

- Complete the table below:

	Type of Development	2 x Examples of each type of development
P		
I		
E		
S		

### Task 3 – Life Stages

There are SIX life stages you need to know about. You have to know the correct ages for each life stage.

- Complete the table below, filling in the gaps

Age range	Life Stage
0-2 years	
	Early Childhood
19 – 45 years	
	Late Adulthood

### Task 4 – Physical Development - Motor Skills

- Produce a poster, with appropriate images, which explains the motor skills developed in children between the ages of 0-5 years old.
- You must include **BOTH gross motor skills and fine motor skills** with examples.

## Task 5 - Housing

*Poor quality housing is associated with poor health and quality of life. Nearly a third (31%) of adults in Britain – 15.9m people – have had mental or physical health problems because of the condition of, or lack of space in, their home during lockdown, according to a new YouGov survey (July 2020).*

- Create a spider diagram which:
  - identifies the different poor housing conditions
  - explains the possible effects EACH type of housing condition could have on a person's physical and mental health.

## **Task 6 - Bullying**

Bullying can happen at any stage of life. It has a negative effect on everyone involved: the victim, the bully and the onlookers.

The four forms of bullying we will cover are:

1. VERBAL – using words to hurt
2. EMOTIONAL – causing psychological hurt
3. PHYSICAL – using force
4. CYBER BULLYING

- Create a table or a poster which explains for each form of bullying the
  - Immediate/short term effects of bullying
  - long term effects of bullying

## **Task 7 – Intellectual Development**

Intellectual development is about how individuals organise their thoughts and ideas to make sense of them. It is also known as cognitive development.

- There are FIVE types of intellectual development. Explain each one:

<b>Problem solving</b>	
<b>Language development</b>	
<b>Memory</b>	
<b>Information processing</b>	
<b>Logical thinking</b>	

**Task 8 – Piaget’s Theory of Cognitive Development.**

- Click on the link below and watch the following video:  
<https://www.youtube.com/watch?v=lhcgYgx7aAA> or type in “Piaget’s Theory of Cognitive Development”
- Complete the table below:

Stage	Age Range	What can children do at this stage	What will children find difficult to do at this stage

## **Task 9: Bandura's Social Learning Theory**

Click on the link <https://www.simplypsychology.org/bobo-doll.html> and read the information.

You then need to summarise the information (in your own words) under the following headings.

What was the background to the experiment?

Describe the experiment

What did Bandura conclude from his experiment?
