

A Level Photography Year 12- 13 Summer Independent Learning

Photos (L-R): Marjolaine Ryley, Henk Van Rensburgen, Arnulf Rainer

Over the summer we are asking you to do **three** things:

1. Photoshoot:

36 images minimum. These photographs need to link directly to your idea for the project. Summer is a fantastic opportunity to get lots of photographs for your Year 13 work, the days are long and the light is good. We would like you to conduct **at least** 1 photoshoot for your project, this shoot should be a minimum of 36 photographs of the highest quality you can. Don't hold back, if you can do more shoots, then do, it will help you in Year 13. After completing the first draft of your Personal Study you have lots of ideas and inspiration.

2. Book Research Task:

Read at least 1 book related to your project in some way. Take notes, to help you with your personal study. Add the book to your bibliography in your Personal Study and a slide in your project. Try and make sure this is related to your theme/idea/artists if you can.

3. Personal Study 2nd Draft:

Write the second draft of your personal study. This should be a minimum of 2000 words this time. Follow the [Personal Study Guide](#) here, or via the Channel on Teams. You will be submitting this draft via Teams, the first week back from the summer break.
